I am pleased to offer a unique opportunity to join the Marin Event Task Force. Enrollment is limited to a maximum of one dozen applicants, between the ages of 21 and 35.

This is a comprehensive program to learn the art, logistics and business of event production and management. It will provide experience both in pre event design and planning as well as implementation in the field at our established Marin Cultural Events

I have been the Producer, Director and/or Production Manager of hundreds of wonderful Marin County based Cultural Events over the last thirty five years. I am in a unique position to mentor a select group with the drive and passion to be a part of event production and management.

Should you be selected for this program you will be deeply involved you in these great events produced, directed or managed by Pacific Expositions and/or Team Pro Event, Inc. The 2010 Marin based Events included in this program are:

May Madness • San Rafael – May 8th
The Marin Sonoma Concours d'Elegance • Marin Fair Grounds – May 16th
Larkspur's Flower & Food Festival • Larkspur – May 30th
The Marin Art Festival • Lagoon Marin Center – June 19th & 20th
The Great American Blues & Barbeque Festival • San Rafael – September 11th
The Mill Valley Fall Arts Festival • Mill Valley – September 24 & 25

I will be accepting applications for this new Division throughout March 2010. It is an opportunity and a challenge to learn important skills, develop background and gain experience. This experience can be the gateway to a career or at least an adventure. The Marin Even Task Force is primarily a volunteer position. Financial compensation may be offered based on individual abilities and responsibilities

If you are interested in the MARIN EVENTS TASK FORCE please forward resume materials to: pacexpos@aol.com
